Children's day message

My dear sweet darlings,
Happy Children's day to each one of you.

On this great day of yours I would like to share with you a truth...

And the truth is...You are very special.....
You are precious...You are a blessing.

In the entire world there is nobody like you. Since the beginning of time there has never been another person like you. Nobody has your smile, your eyes, your voice, your hands and so on.. Nobody owns your handwriting or your signature. You are special.

You are different from any other person who has ever lived in this history of the universe. You are the only one in the whole creation who has your particular set of abilities.

Through all eternity no one will ever walk, talk, think or do exactly like you. You are precious, and of Great Value. God made you for a special purpose. Out of the billions you are very precious. No one can reach out to others in the same way that you can. No one else can bring the whole unique impact of you to another human being. Share with others your time, your talents, your inventive skill, your knowledge, in your unique way. Recognize your value and live your life according to God's will.

Childhood becomes the best phase of life which should be healthy and happy for every child so that you can be ready to lead the Nation ahead.

Jawaharlal Nehru, the first Prime Minister of India, was a great lover of children who affectionately used to call him “Chacha Nehru”. His birthday 14th November is celebrated all over India as children's day in fond memory of him.

Have faith in God, your parents, teachers and elders and have confidence in yourselves. Keep away from bad company and use mobile responsibly. Don't take anything and anyone for granted.

May Almighty God fulfill all your dreams; bless your families and friends with good health, peace of mind and happiness today and always...

Remember that **you are precious and we love you all.**

May God bless you all

Sr. Dr. Sonia Varghese

Principal

St. Joseph's Sr. Sec. School
