

S J O T

Different types of co-curricular activities in school are chosen to develop an overall personality of a student. Selection of the right kind of extracurricular activities at school can polish the child's skill and keep him/her engaged.

Co-curricular activities help a student concentrate more in the classroom & teach them valuable life lessons.

Olympiads are a collection of competitive exams held for students through classes 1 to 12.

Our school is going to organize an Olympiad for the first time to develop the **reasoning skills & logical ability** of the students as **St. Joseph Olympiad Test (SJOT)**.

Objective of Olympiads

- To enhance the reasoning skills and logical ability of the students participating in the same.
- To enable students to have an acute knowledge of the subject(s) for which the Olympiad exam is being conducted.
- To pique the interest of the participating students not only academically but on the events and happenings around the world.
- To ensure that students have a wholesome & all-round development while in school.
- To provide an opportunity for the students to have an insight into the higher studies curriculum and what the competitive exam scenario looks like on a national and international level.

Students from classes 1 to 12 are eligible to participate in the **St. Joseph Olympiad Test (SJOT)** conducted by **St. Joseph Senior Secondary School**.

Exam date: SJOT – 2022 19th January'2022 Wednesday

Date of submission of completed form: 3rd Jan to 15th Jan 2022
(Mandatory for all)
