Dear Students, Parents and Teachers,

Let us begin anew .....

The year 2022 is giving way to 2023.

Be thankful for whatever happened over this past year 2022 and believe that everything happens for a reason.

**"This bright new year is given me  
To live each day with zest  
To daily grow and try to be  
My highest and my best"**

**- William Arthur Ward**

With gifts and wishes, prayers and parties, the New Year brings also hopes and expectations. This is a time for new ventures, new plans, new journeys, and a new life with improved relationships. It is a time to mend our ways, to enlarge our goodwill and to take great strides to progress.

Each New Year Day is a new beginning - to learn more about ourselves, to care more about others, to laugh more than we did, to accomplish more than we thought we could, and be more than we were before. Therefore we must make for the New Year realistic, optimistic and attainable resolutions and focus on them and have a well - thought out plan as to how to put them into practice. Learn from the mistakes of the past, grasp the present, venture into the future with self - confidence and trust in God.

Yes, dear all, the old year ends, a new year begins with pages clean and new and what is going to be written on each page will now depend on you. Let us believe that all things are possible with God though days be bright or dim, so do your best and know that you can leave the rest to God.

When the song of the angels is stilled,  
When the star in the sky is gone,  
When the wise men are home,  
When the shepherds are back with their flocks,  
The work of Christmas begins.  
**So let's begin ....**

May the whole World move forward hopefully and positively in the **NEW YEAR 2023**. Wish you a very happy, prosperous and grace-filled New Year.
